USPA NEWS - After the Success of the Two Previous Editions, CB News and Media are once again Uniting the Market around this Central Subject for an Event Conference: "Impact. The Focus On Sobriety." Everyone talks about it, everyone claims to grasp it and yet Sobriety is Still a Portmanteau Word that should be questioned.

After the Success of the Two Previous Editions, CB News and Media are once again Uniting the Market around this Central Subject for an Event Conference: "Impact. The Focus On Sobriety." Everyone talks about it, everyone claims to grasp it and yet Sobriety is Still a Portmanteau Word that should be questioned.

Between Energy or Environmental Sobriety and the Combination of this New Expectation with the Communication Industry and the Consumer Society, many Assumptions remain. What is Sobriety? Why this Word more than any other imposed in Political and Media Lexicons?

How can Communication support this Transition to a Society more Responsible and how does the Sector bring itself up to date? What are the Main Brakes and Main Drivers of this Expected Sobriety?

Sharing of experiences, Experts in the Field, Policies and Actors of this Key Subject Took Place on Stage at the Verniquet amphitheater (at the National Museum of Natural History).
